

UNITED WAY IMPACTING OUR COMMUNITY

We rise and fall together. Everyone benefits when a child succeeds in school, when people have all the resources to provide for their family and when everyone can achieve and maintain good health.

United Way of Midland County works to ensure everyone reaches their full potential by focusing on the building blocks for a good life—Education, Health and Self-Sufficiency.

We recruit the people and organizations that bring the passion, expertise and resources to impact the greatest needs in Midland County.
